

Stylist Article – September 2014

The California State Board of Barbering and Cosmetology will hold a live Webcast on September 19, 2014, at 10 a.m. to answer questions regarding the national practical examination.

Representatives from the National-Interstate Council of State Boards of Cosmetology (NIC) will be on hand to discuss the NIC practical examination, which has been offered in California for more than three years. NIC officials will present an overview of the practical exam process and then answer questions that have been submitted in advance by schools and apprenticeship sponsors.

While the questions are restricted to those submitted in advance or during the event by schools and apprenticeship committees, the answers are likely to be of interest to anyone planning to take the examination or who has already taken it but failed to pass.

The Board anticipates that the presentation by NIC and the question-and-answer session will last approximately four hours. Like last year's Webcast, this year's event will be posted on the Board's Web site for those who are unable to watch live.

Please check the Board's Web site at www.barbercosmo.ca.gov for further information and the link for the Webcast. While information about the event will be available approximately one week prior to the broadcast, the link will not be accessible until the actual Web cast is scheduled to begin.

So pull up a chair, turn on your computer and join us. The Board looks forward to your participation.
