### INFORMATIVE DIGEST

#### A. Informative Digest

##### **Amend Section 910**

Section 7312 of the Business and Professions Code gives the Board broad authority to set training and examination requirements for barbering and cosmetology students seeking licensure with the Board. Section 910 of the California Code of Regulations sets out the requirements that must be met to sit for the licensing examination by out-of-state applicants, including people working in the barbering and cosmetology professions on military installations. This regulatory proposal fulfills the mandate of Section 35 of the Business and Professions Code by setting the conditions under which veterans may use barbering and cosmetology training obtained in the military to qualify for the examination.

#### B. Policy Statement Overview/Anticipated Benefits of Proposal

Section 35 of the California Business and Professions Code states in part that “It is the policy of this state that, consistent with the provision of high-quality services, persons with skills, knowledge, and experience obtained in the armed services of the United

States should be permitted to apply this learning and contribute to the employment needs of the state at the maximum level of responsibility and skill for which they are qualified. To this end, rules and regulations of boards provided for in this code shall provide for methods of evaluating education, training, and experience obtained in the armed services, if applicable to the requirements of the business, occupation, or profession regulated.” The anticipated benefit is that veterans of the armed forces will be able to reintegrate more quickly into civilian life by being able to use the skills they gained in the military.

C. Consistency and Compatibility with Existing State Regulations

After conducting a review for any regulations that would relate to or affect this area, the Board has evaluated this regulatory proposal and it is not inconsistent or incompatible with existing state regulations.
